

# 2010 Workshops

Create beautiful gardens  
to keep water clean

## Design a Native Garden

## Create a Rain garden

## Stabilize Shorelines

Join us for a Planting for Clean Water workshop to learn about beautiful and affordable gardens that help to keep our water clean. Grants are available for people in high priority areas to install rain gardens and shoreline plantings. Design and installation assistance may also be available. Classes are on Tuesdays from 6:30-8pm. Unless otherwise stated, all classes are free.
