

We need help from you and others in our project area to create habitat for migratory birds and keep the St. Croix clean!

☞ Attend a **free** workshop - Learn why bird species are declining in the St. Croix Valley and how you - a land owner in our target project area - can help create critical habitat on your property. for more than 320 species of birds **Register at 651-275-1136 x.27.**

Thursday, April 29 from 6:30-8:30pm at William O'Brien State Park

Thursday, May 27 from 6:30-8:30pm at Afton State Park

☞ Schedule a **free** site visit for your property

Draw up a plan for your property to attract more birds and reduce erosion problems.

Technical assistance and **\$\$ for conservation projects** are available!

Info about site visits and grants
